

Hello and welcome to Holy Rosary School in Heathcote. My name is Bridie and I am a Labradoodle dog. I live with the Principal Mr Dullard and his wife and I come to Holy Rosary most of the school days.

I have had lots of training around how to be a school dog from the people who run Dogs Connect and this has helped me to become a calm and well-behaved dog even though I am only just 12 months old.

I have been coming to Holy Rosary for three terms and I love being in each class and walking amongst the children. Often, I like to sit with a group of students while they chat or read a book and they like to rub my fur.

Sometimes I go for a walk with some students or I just wander around in a certain classroom and the children pat me as I walk past them.

I don't jump up, lick or nip and I am very well house trained.

Of course, if any child is nervous around a dog the teachers ensure that I am not too close to them and that they feel safe.

If you are a new child at our school and you are nervous around dogs you can tell Mr Dullard and he will make sure that your entry to our beautiful school is a positive one.

Looking forward to being your great friend at HR.

Love, Bridie.
